## LIVING YOUR LIFE MAP IN UNCHARTED TERRITORY

---

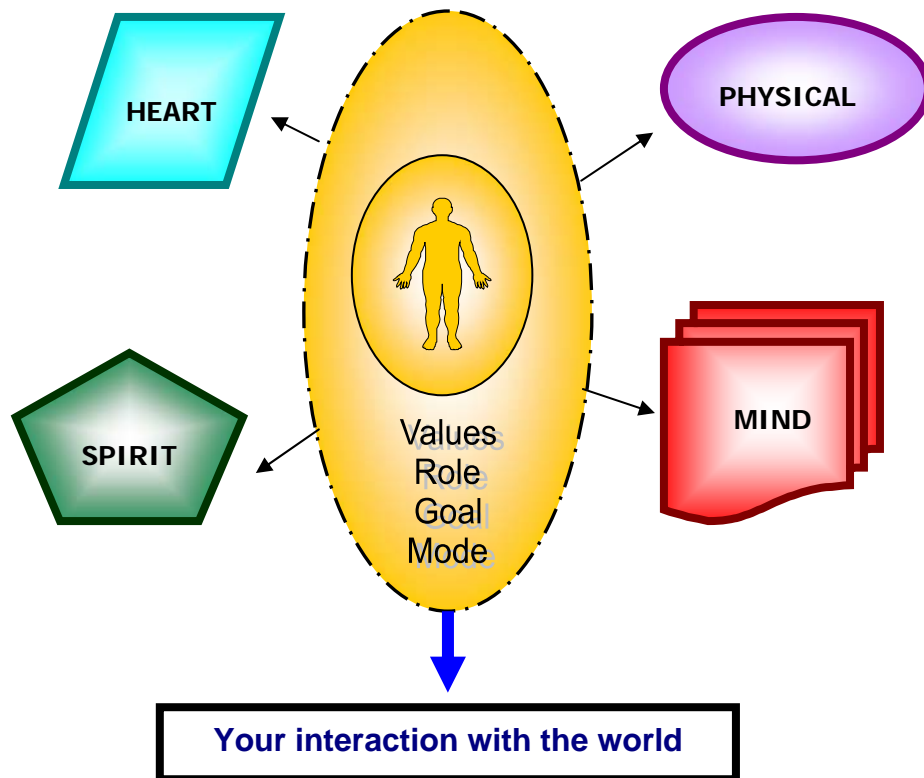

**This course is a follow-up on the first course you did with Gear Changers.**

**The workshop activities are directed at discovering the areas of your life where you have negated your own power, spiralling downwards, and are thus becoming unable to manifest what you would really like to experience.**

**It is about uncovering the layers of conditioning so you can make the changes that would serve your life purpose. The importance of being clear about intention and then following the path of what wants to emerge, using your unique life map tools.**
